1. Introduction

- 1.1 This Guideline is issued pursuant to section 133 of the Insurance Ordinance (Cap. 41) (“the Ordinance”) to outline the continuing professional development (“CPD”) requirements for licensed insurance intermediaries.
- 1.2 Licensed insurance intermediaries are required to be fit and proper persons to carry on regulated activities. Licensed insurance intermediaries who are individuals should continuously update their technical and regulatory knowledge and refresh themselves on the ethical standards through CPD in order to ensure their professional competence in carrying on regulated activities.
- 1.3 Licensed insurance agencies act as agents of the authorized insurers that appoint them, whereas licensed insurance broker companies represent their clients (i.e. policy holders and potential policy holders) in matters relating to insurance policies. Given this difference in business models, broker companies generally operate with greater operational autonomy from insurers and are subject to additional regulatory requirements. Recognizing these differences, responsible officers of broker companies are held to higher expectations to proactively update and maintain their regulatory knowledge to effectively discharge their management responsibilities and control functions.
- 1.4 This Guideline aims to provide general guidance for the following persons to comply with the CPD requirements.
 - (a) An individual licensee (as defined in paragraph 2.1 (b));
 - (b) A responsible officer appointed by a licensed insurance broker company;
 - (c) An authorized insurer which appoints a licensed individual insurance agent;
 - (d) A licensed insurance agency which appoints a licensed technical representative (agent); and
 - (e) A licensed insurance broker company which appoints a licensed technical representative (broker) and a responsible officer.

- 1.5 A failure to comply with any CPD requirements set out in this Guideline by a person listed above may adversely affect the fitness and properness of that person and may result in a disciplinary action to be taken by the Insurance Authority (“the IA”) against that person.
- 1.6 This Guideline should be read in conjunction with the relevant provisions of the Ordinance and any relevant rule, regulation, code and guideline made or issued under the Ordinance.
- 1.7 This Guideline is not intended to be exhaustive and does not constitute legal advice. You should seek professional advice if you have any question relating to the application or interpretation of the relevant provisions of the Ordinance.
- 1.8 This Guideline does not have the force of law, in that it is not subsidiary legislation, and should not be interpreted in a way that would override the provision of any law. The IA may from time to time amend the whole or any part of this Guideline.

2. Interpretation

2.1 In this Guideline, unless the context otherwise specified:

- (a) “Assessment Period” means the period beginning on 1 August of a year and ending on 31 July of the following year (both days inclusive);
- (b) “individual licensee” means a licensed individual insurance agent, a licensed technical representative (agent) or a licensed technical representative (broker);
- (c) “principal” means:
 - (i) in relation to a licensed individual insurance agent, an authorized insurer which appoints the licensed individual insurance agent;
 - (ii) in relation to a licensed technical representative (agent), a licensed insurance agency which appoints the licensed technical representative (agent);
 - (iii) in relation to a licensed technical representative (broker), a licensed insurance broker company which appoints the

licensed technical representative (broker); and

- (d) “Qualified CPD Activities” means activities which fulfil the requirements as specified in Annex 1.

2.2 Unless otherwise specified, words and expressions used in this Guideline shall have the same meanings as given to them in the Ordinance.

3. CPD Requirements

Individual Licensees

- 3.1 Individual licensees, except for licensed technical representatives (agent) who are licensed to carry on regulated activities in restricted scope travel business¹ only, are required to attend Qualified CPD Activities to earn not less than 15 CPD hours in each Assessment Period, including a minimum of 3 CPD hours related to a topic which falls under “Ethics or Regulations” as specified in Annex 1.
- 3.2 Without prejudice to paragraph 3.1, an individual licensee serving as a responsible officer of a licensed insurance broker company is required to earn not less than 2 CPD hours on topics related to their management responsibilities and control functions as set out in section 92(2) of the Ordinance in each Assessment Period. For the avoidance of doubt, these CPD hours fall under “Ethics or Regulations” as specified in Annex 1 and can be counted towards the 15-hour CPD requirements for each Assessment Period.
- 3.3 Licensed technical representatives (agent) who are licensed to carry on regulated activities in restricted scope travel business only are required to attend Qualified CPD Activities to earn not less than 3 CPD hours in each Assessment Period. They are not compulsorily required to attend Qualified CPD Activities related to a topic which falls under “Ethics or Regulations” as specified in Annex 1.
- 3.4 The CPD hour requirements for individual licensees who are newly licensed in an Assessment Period are set out in Annex 2.

¹ Under section 64ZZC(6) of the Ordinance, restricted scope travel business, in relation to a travel agent that is a licensed insurance agency—

- (a) means effecting a travel insurance policy that is tied to a tour, travel package, trip or other travel services arranged by the travel agent for its customers; and
- (b) does not include effecting an annual travel insurance policy.

- 3.5 Individual licensees should comply with the CPD requirements so long as they remain licensed even though their licences are under suspension (for instance, they are not appointed by any principal). Subject to the discretion of the IA, concessions may be granted to individual licensees in special circumstances (such as prolonged illness) which preclude their attendance or completion of Qualified CPD Activities.
- 3.6 Only Qualified CPD Activities attended by individual licensees during the period they are licensed will count towards the total number of minimum CPD hour requirements specified in this Guideline.
- 3.7 Individual licensees should report to the IA the Qualified CPD Activities they have attended in each Assessment Period on a CPD Declaration Form in a format and manner prescribed by the IA no later than 2 months after the expiration of the relevant Assessment Period (i.e. by 30 September). Any CPD hours earned during an Assessment Period in excess of the total number of minimum CPD hours required for that Assessment Period cannot be carried forward and cannot be reported in the CPD Declaration Forms for subsequent Assessment Periods. Individual licensees should also inform their principal(s) of the Qualified CPD Activities reported to the IA by the same deadline.
- 3.8 Individual licensees are required to properly retain sufficient documentary evidence² in support of their attendance or completion of all the Qualified CPD Activities reported to the IA on their CPD Declaration Forms for a minimum of 3 years after the end of the relevant Assessment Period. They should promptly produce such evidence to the IA for compliance check upon request.

Principals

- 3.9 A principal should ensure that each individual licensee appointed by it complies with the CPD requirements applicable to the individual licensee. For the purpose of discharging such obligation, a principal may:
- (a) arrange adequate Qualified CPD Activities for the individual licensees appointed by it;
 - (b) provide adequate facilities such as computers to facilitate the individual licensees appointed by it to attend Qualified CPD Activities which are E-learning Activities (as defined in Annex 1);

² Documentary evidence may include the relevant record/certificate of attendance or graduation, report on examination results and coursework assessment.

- (c) provide sufficient information on Qualified CPD Activities to the individual licensees appointed by it to facilitate their compliance with applicable CPD requirements; or
 - (d) liaise with professional bodies to organize Qualified CPD Activities for the individual licensees appointed by it.
- 3.10 A principal should have in place adequate controls and procedures to monitor and ensure compliance with applicable CPD requirements by the individual licensees appointed by it. In this respect, the principal should request, check and verify the documentary evidence in support of the CPD Declaration Forms submitted to the IA by individual licensees.

4. Commencement

- 4.1 This Guideline shall take effect from 1 August 2025.

August 2025
